

FRe[®]
ALCOHOL-REMOVED WINE

ALCOHOL-REMOVED
MOSCATO
California Vineyards

WINEMAKING NOTES

Fre alcohol-removed Moscato is produced using the revolutionary spinning cone column. The spinning cone facilitates the removal and safeguarding of fragile wine aromas and flavors at low temperatures, then removes the alcohol at slightly higher temperatures. The wine essences are then reintroduced to the dealcoholized base wine and blended with unfermented grape juice. The finished product is a fresh, delicious beverage with the characteristic aromas and flavors of premium wine. Fre has less than 0.5% alcohol by volume and half the calories of regular wine.

TASTING NOTES

Fre Moscato has aromas of fragrant white peaches and tropical fruit leading to round, fruity flavors and a crisp finish. Fre Moscato is a pleasant accompaniment to meals featuring seafood and poultry dishes. Try pairing Fre Moscato with a spinach risotto and sauteed scallops.
