

Winemaking

Sutter Home Moscato Sangria is inspired by the sweet California laid-back style. It's lighter, juicier and has lower alcohol than traditional Spanish Sangria. Our winemakers used 100% California Moscato to emphasize delicious pineapple and berry flavors and added natural residual grape sweetness to create a deliciously sweet and juicy treat.

Tasting Notes

Sutter Home Moscato Sangria is a fruity and floral white wine with hints of raspberry, cranberry, strawberry, citrus, and loads of pineapple flavors. The natural residual grape sweetness provides a luscious mouthfeel.

Pairing Suggestions

Ahi Tuna Tacos

Sweet-and-Spicy
Chicken Wings

Mango-Chili
Pork Tenderloin

Family Owned Since 1948

Our timeless American story dates back three generations to when the Trincherro family left their home in New York City to pursue the American Dream in Napa Valley. The family purchased Sutter Home Winery in 1948, after the winery had been closed for almost 30 years due to Prohibition. Still family-owned, Sutter Home has a long history of delivering wine that people love, starting with the creation of the original White Zinfandel in the 1970s.

Sutter Home is proud to be the brand generations of wine lovers trust to deliver consistent, award-winning quality and value for every wine occasion. We were honored to be awarded the Distinguished Service Award for "having introduced more Americans to wine on the table than anyone in history" from Wine Spectator. We will forever stand by our promise to create "a great product for a fair price."
