

LUMINARA

ALCOHOL REMOVED

Napa Valley

CHARDONNAY

2016

Illuminating the idea of what fine wine can be, Luminara is the first-ever exquisitely crafted, alcohol-removed wine made from fruit grown in the prized Napa Valley appellation. By selecting grapes of exceptional quality, in tandem with the most advanced proprietary de-alcoholization technology in the world, Luminara delivers a true fine wine experience—without the alcohol.

HARVEST NOTES

The 2016 growing season was another exceptional year for Napa Valley. September harvest weather was excellent, providing a typical vineyard yield. October rains were a welcome occurrence, helping to alleviate persistent drought conditions.

WINEMAKING NOTES

Our technologically superior spinning cone column, allows us to gently extract and safeguard the wine's delicate aromas, fresh fruit flavors and bright acidity in this Chardonnay. Once the alcohol has been removed, the wine essences are re-introduced to the base juice. Then the finished wine is aged in both French and American oak to impart additional complexity and texture.

PALATE

Our lively alcohol-removed Chardonnay reflects its premium Napa Valley terroir with rich tropical fruit aromas, followed by a palate of Fuji apple and lemon cream. The finish brings a refreshing crispness. This wine shows a lively medium-weighted palate with vibrant varietal fruit characteristics, making our Chardonnay a luminous offering for any occasion.
