

FRE[®]
ALCOHOL-REMOVED WINE

ALCOHOL-REMOVED
SPARKLING BRUT
California Vineyards

WINEMAKING NOTES

Fre Sparkling Brut is the first alcohol-removed sparkling wine produced by a major American winery. Remarkably similar in style and quality to a traditional sparkling wine, Fre Sparkling Brut is the perfect, sophisticated adult alternative beverage for celebrations and other special events. A blend of Chenin Blanc and Pinot Noir is dealcoholized using the innovative spinning cone process, this bright, refreshing sparkler is ideal for any occasion requiring good cheer.

TASTING NOTES

A steady bead of pinpoint bubbles introduces a wonderfully fresh, fragrant aroma of green apples and ripe pears with hints of berry and peach. The crisp, fruity apple and strawberry flavors, display an admirable balance of refreshing acidity and residual sweetness. The finish is pleasingly refreshing and dry, inviting a second delicious glass. Fre Sparkling Brut is not only a perfect toasting and celebration beverage, it also beautifully compliments food, particularly appetizers, fish and poultry dishes, spicy Asian cuisines, and light desserts.
